Please print, read, agree by signature, and enclose this form with your International Money Order made payable to "CASH"

1. "Under penalty of perjury, I swear/affirm that as of this moment, I am an adult, at least 18 years of age, and have the legal right to view and possess adult oriented material within my community and/or within the community that I am in at this moment. Any identification that I use for verification of legal age is mine and no one else's."
2. "I promise that I will not permit any person(s) under 18 years of age to have access to any of the materials contained within this site."
3. "I understand that when I gain access to this site, I will be exposed to visual images, verbal descriptions, and audio sounds of a sexually oriented, frankly erotic nature, which may include graphic visual depictions, graphic audio, and descriptions of nudity and sexual activity. I am voluntarily choosing to do so, because I want to view, read and/or hear the various materials which are available, for my own personal enjoyment, information and/or education. My choice, personally and without coercion, is a manifestation of my interest in sexual matters, which is both healthy and normal and, which, in my experience, is generally shared by average adults in my community. I am familiar with the standards in my community regarding the acceptance of such sexually oriented materials, and the materials I expect to encounter are within those standards. In my judgement, the average adult in my community accepts the consumption of such materials by willing adults in circumstances such as this which offer reasonable insulation from the materials for minors and unwilling adults, and will not find such materials to appeal to a prurient interest or to be patently offensive. I am legally able to view and download such items according to the laws by which I am governed."
4. "I will file no charges or suits against the owners of this website and I will not attempt to by-pass any security and/or access feature at this site. I will not attempt to use stolen or fraudulent credit card numbers. I will not sell and/or in anyway copy or redistribute the contents of this site or any passwords or security codes that I obtain from this site. If I do so and am caught, I agree to pay the administrator of this site no less than \$5000 American dollars in damages (THIS IS STRICTLY ENFORCED!). Individuals who attempt credit card theft, fraud, and/or charge backs will be listed on the Internet Merchant Blacklist, as well as reported to credit agencies and Law Enforcement authorities. By going further into this site, from this page or any other entry point, I release and discharge the providers, owners, and creators of this site from any and all liabilities which may arise. Book-marking to any page on this server/site, whereby this warning page is by-passed, constitutes an implicit acceptance of the foregoing terms herein set forth. I have read and agree to all of these statements, as well as the statements on the Legal Information page for this website at legal.htm, and agree to comply with all statements contained therein."
5. "I understand and agree that membership by mail is only accepted for International Money Orders in US funds ONLY made payable to "CASH". I understand that there is risk involved in sending a International Money Order via mail which is not made payable to a specific entity, and agree not to hold responsible the owners or operators of this site should the International Money Order not be received by the operators of this site.
